Introduction

The Initiative to Promote Afghan Civil Society (I-PACS II) is a three year program, funded by the United States Agency for International Development (USAID) and implemented by Counterpart International in partnership with the International Center for Not for Profit Law (ICNL) and a number of civil society organizations (CSOs). The overall goal of I-PACS II is to promote the viability of Afghan civil society.

To support the Government of Afghanistan’s efforts to maintain an up-to-date and publicly accessible directory of registered CSOs, Counterpart has published the current directory which lists all active, registered Non-government organization (NGOs) and Social Organizations (SOs), featuring information on each organization’s geographic coverage, areas of expertise and contact information.

Information on each CSO was collected through lists of registered NGOs and SOs provided by the Ministry of Economy (MoE) and the Ministry of Justice (MoJ), respectively. To verify the information, in January, 2012, each listed NGO and SO was contacted via phone or email.

The directory includes 333 local NGOs and 58 international NGOs registered with the Ministry of Economy, all of whom have active ongoing projects in Afghanistan and (I-NGOs) have submitted their reports to the MoE. To access a complete list of all local and I-NGOs, please visit the official website of the MoE: http://moec.gov.af.

The SOs in this directory include 335 SOs registered with the Department of Social Unions and Political Parties of the MoJ and who have maintained an updated their license. To find an electronic copy of all SOs, please visit the official website of the MoJ: http://moj.gov.af.

For information related to registration for NGOs, please contact the Department of NGOs’ Registration, Supervision, and Coordination of the MoE and for SOs’ registration, contact the Department of Social Unions and Political Parties of the MoJ.

This directory is available in Dari, Pashtu, and English. For further information on the directory and to obtain a copy of this directory in another language, please contact Counterpart International-Afghanistan:

Haroon Nusrat, Communication and Media Outreach Coordinator: haroon@counterpart-afg.org 0093 (0) 796 532 114.

Mohammad Qais Ayobzai, Directory of Legislative Strengthening: qais@counterpart-afg.org 0093 (0) 700 233 609.
The Information in this directory is subject to change at the discretion of each organization. Counterpart-Afghanistan would like to acknowledge and thank the Ministry of Economy and the Ministry of Justice who provided considerable advice and support during the production of this directory.
**Department of NGOs - Ministry of Economy**

The Department of NGOs’ Registration, Supervision, and Coordination is one of the key departments under the Ministry of Economy of the Islamic Republic of Afghanistan. Initially established under the Ministry of Plan to register local and international NGOs in 1374, it started to operate under the Ministry of Economy when the Ministry was established in 1384.

The Department of NGOs’ operations, programs, and activities are primarily guided by the NGO Law which was prepared and enforced through Presidential Decree on June 2005 (Saratan 1384). Based on article 4 of this Law, the Ministry of Economy is the registration, supervision, and coordination body for the activities of non-governmental organizations in Afghanistan.

The Department of NGOs has three directorates. They are the Registration Directorate, the Directorate for Assessment and Oversight of NGOs, and the NGOs Coordination Directorate.

The Registration Directorate is mainly responsible for supporting and ensuring that all local and international NGOs meet all requirements of the NGO Law and are registered with the Ministry. The Department strives to enhance awareness of the NGO Law, assist NGOs in understanding the registration process and requirements; and ensures that the registration process is in line with the NGO Law as well as international best practices. The Directorate is also responsible for liquidation of local and international NGOs that are in the close out phase.

The Directorate for Assessment and Oversight of NGOs is mainly responsible for collection of reports, review and analysis of reports, including biannual and annual reports which include project activities and expenses of local and international NGOs. It is also tasked to regularly assess the overall operations of NGOs in Afghanistan, including programs, budget and impact and provide reports to the Ministry.

The Coordination Directorate of the NGO Department serves as the administrative and coordination focal point for NGOs; the Department provides technical advice and the necessary facilities to assist NGOs in obtaining staff visas and processing customs tax exemptions.
Department of Social Unions and Political Parties - Ministry of Justice

The Department of Social Unions and Political Parties of the Ministry of Justice (MoJ) regulates the registration process of social organizations and political parties in Afghanistan. It was established based on decree no. 152 dated 05-08-1381 under the MoJ.

The Department is operating based on the Law on Social Organizations. The Law of Social Organizations which includes Four Chapters and 25 articles was approved on 25-06-1381 by the Council of Ministers and signed by the President of the transitional government on 5-8-1381. It was then published in the official gazette no. 804.

Since the beginning of its activities till 30-08-1390, this Department has issued licenses for approximately 3000 social organizations, 844 of which extended their licenses. Social organizations, similar to civil society organizations can provide services and useful activities in cultural, social, academic, research, art and vocational training for Afghan people. These organizations are non governmental and must not be affiliated to any official government organizations, and the services they provide are not-for-profit.

Directory Index
This index is prepared based on thematic areas of Civil Society Organizations (CSOs) that are listed in this directory. The index is divided into two parts: the first part includes 14 thematic areas for Non-Governmental Organizations (NGOs) and the second part has 15 for Social Organizations (SOs). This will help users to find the related NGO or SO working in a specific field such as health, education, rule of law, etc. Areas of activities are listed in alphabetical order and page numbers are listed for each organization working in that area.

A: Index of Non-Governmental Organizations:
